| UNICLIC® locking system  | ✓      | ✓      | ✓            | X                                 |
| Easy installation over multiple surface types  | ✓      | ✓      | ✓            | ✓                                 |
| Floating Floor   | ✓      | ✓      | ✓            | X                                 |
| Direct stick   | ✓      | ✓      | ✓            | ✓                                 |
| Can be walked on within hours of installation  | ✓      | ✓      | ✓            | ✓                                 |
| 7 layer Klumpp coating system  | ✓      | ✓      | ✓            | ✓                                 |
| Coated with 10% UV cured acrylic matte and brushed for added texture                             | ✓      | ✓      | X            | ✓                                 |
| Coated with high quality, low sheen European UV cured acrylic lacquer                            | X      | X      | ✓            | ✓                                 |
| Unique colour, stain and grain variations to suit any design requirement                         | X      | X      | ✓            | ✓                                 |
| Janka rating above - 8.1 and above (Hard/Very Hard)  | ✓      | ✓      | ✓            | ✓                                 |
| Fire tested  | ✓      | ✓      | ✓            | ✓                                 |
| No mess or fumes from sanding and finishing  | ✓      | ✓      | ✓            | ✓                                 |
| Available in Australian hardwood species: Spotted Gum  | ✓      | ✓      | X            | ✓                                 |
| Available in Australian hardwood species: Blackbutt  | ✓      | ✓      | ✓            | ✓                                 |
| Available in Australian hardwood species: Sydney Blue Gum  | ✓      | X      | X            | X                                 |
| Graded and produced to Australian standards  | ✓      | ✓      | ✓            | ✓                                 |
| 25 year structural warranty  | ✓      | ✓      | ✓            | ✓                                 |
| Stable and more resistant to fluctuations in temperature and humidity than solid timber flooring | ✓      | ✓      | ✓            | ✓                                 |
| Ideal for asthmatics and allergy sufferers as it does not harbour dust or allergens              | ✓      | ✓      | ✓            | ✓                                 |
| Easy to clean and maintain   | ✓      | ✓      | ✓            | ✓                                 |
| RW/PEFC sustainably sourced and certified  | ✓      | ✓      | ✓            | ✓                                 |

Note: Variations within a timber species are normal, therefore photographs, samples and displays can only be indicative of colour and should not be used for final selection. It is normal for natural timber products to react to changes in atmospheric and environmental conditions such as humidity and temperature.
